## PROFILE

Frontend Developer with hands-on experience in building responsive web interfaces using HTML, CSS, JavaScript, React, and Next.js. I have worked on real-world projects including e-commerce applications, admin dashboards, and SaaS landing pages. Currently seeking a frontend internship where I can learn, grow, and contribute to production-level applications.

## SKILLS

- **Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Frameworks & Libraries:** React.js, Next.js
- **Styling:** Tailwind CSS, CSS Modules, ShadCN, RadixUI, FramerMotion
- **Tools:** Git, GitHub, VS Code
- **API Integration:** Public REST APIs (JSON data)

## PROJECTS

### E-Commerce

- Built a fully responsive e-commerce frontend using **React.js** and **Tailwind CSS**
- Managed global state using **React Context API** for cart and product data
- Implemented product listing, product details, add-to-cart, and cart update features
- Integrated **DummyJSON** to fetch and display products dynamically

### Admin Dashboard

- Built a modern and responsive **Admin Dashboard** using **shadcn/ui** and **Radix UI**
- Implemented reusable and accessible UI components following best practices
- Integrated **TanStack Query** for efficient data fetching, caching, and state synchronization
- Added dashboard features such as data tables, stats cards, and interactive UI sections

### SaaS Landing Page

- Designed and developed a modern **SaaS landing page** using **Next.js** and **TypeScript**
- Implemented smooth and interactive animations with **Framer Motion**
- Used component-based architecture for clean and maintainable code
- Optimized performance and SEO using **Next.js features**

## EDUCATION

### B.Sc in Computer Science & Engineering (CSE)

*Bangladesh Institute of Science and Technology*

2025

Dhaka

## LANGUAGES

Bangla

English

## SOFT SKILLS

- Strong problem-solving skills
- Team collaboration
- Good communication
- Fast learner and self-motivated
